CORE CREDIT WORKSHEET

Record of	Date of Birth	Graduation Date

Mathematics Course Requirements					
Course Name	Course Number	Grade Level YYYY	Grade Earned	Credit Earned	Quality Points
Algebra I	1200310				
Geometry	1206310				
Algebra II	1200330				
College Algebra	1200700				
Total Mathematics Credits Earned					

English Course Requirements					
Course Name	Course Number	Grade Level YYYY	Grade Earned	Credit Earned	Quality Points
English I	1001310				
English II	1001340				
English III	1001370				
English IV	1001400				
Total English Credits Earned					

Science Course Requirements					
Course Name	Course Number	Grade Level YYYY	Grade Earned	Credit Earned	Quality Points
Biology I / Lab	2000310				
Physical Science / Lab	2003310				
Chemistry / Lab	2003340				
Environmental Science	2001340				
Marine Science	2002500				
Total Science Credits Earned					

Social Studies Course Requirements					
Course Name	Course Number	Grade Level YYYY	Grade Earned	Credit Earned	Quality Points
American History	2100310				
World History	2109310				
American Government	2106310				
Economics	2102310				
Total Social Studies Credits Earned					

Foreign Language Course Requirements					
Course Name	Course Number	Grade Level YYYY	Grade Earned	Credit Earned	Quality Points
Total Foreign Language Credits Earned					

Quality Points	Divided by Total Credits	Equals Core GPA

NCAA Eligibility Center

How is the NCAA Core GPA Calculated?

The NCAA Eligibility Center calculates GPAs using the 4.0 scale:

Percentage	Letter Grade	Qualitative Points
90-100	A	4
80-89	B	3
70-79	C	2
60-69	D	1

Credit Earned for a full year	1.0
Credit Earned for a semester	0.50
Credit Earned for a trimester	0.34

To determine points earned for each course, multiply the numeric grade value (4, 3, 2 or 1) by the amount of credit earned. A semester is awarded 0.50 unit of credit and a trimester is awarded .34 unit of credit.

The NCAA Eligibility Center does not use plus or minus grades when calculating core-course GPA.

For example, grades of B+, B and B- will all be worth 3 quality points each.

If your high school uses a numeric scale, the high school needs to provide a conversion to a letter grade and communicate that to the NCAA Eligibility Center.

Examples of total quality point calculation:

- An A grade (4 points) for a trimester course (0.34 units): 4 points x 0.34 units = 1.36 total quality points.
- An A grade (4 points) for a semester course (0.50 units): 4 points x 0.50 units = 2.00 total quality points.
- An A grade (4 points) for a full-year course (1.00 units): 4 points x 1.00 units = 4.00 quality points.

Calculate the Overall Grade-Point Average:

To calculate the estimated core-course grade-point average, divide the total number of points for all core courses by the total number of core-course units completed.

Note: The best grades from a student's NCAA courses will be used to satisfy the core-course requirements.
